THE LOFT

AT THE WINE ROOMS

"The best thinking doesn't have to always happen in the office"

A different kind of space.

Tucked upstairs at The Wine Rooms, The Loft is a private meeting and away-day space created to give people room to think differently.

Warm, characterful and intentionally different from a traditional meeting room, it combines everything you need to work, create and connect in a relaxed Cotswold setting.

A place to step away from the everyday office environment, spend time together and give ideas a little room.
